

VB Connect – By the Owners/For the Owners

Owner Oriented Source Listing Service Providers and Contractors

Update – July 2, 2022 Edition

To help Van Buren Point and Van Buren Bay homeowners choose among a competitive field of contractors and service providers based on the experience and recommendations of fellow Van Buren Point and Bay owners. All of us in the Van Buren community should expect quality work at a fair price, firm estimates, timely performance, progress payments, warranties and remedies, satisfaction with the work, and no surprises.

Contractors are on this list based on recommendations and the answer to this simple question: “If you could do the project over would you choose to use this contractor again or choose to try another contractor.” For you all, from the Jim Sander Family.

Topics covered, in order:

1. Electrical
2. Plumbing
3. Heating & Cooling
4. Landscape/Grass Maintenance
5. Handyman
6. Appliance Repair
7. Painting
8. Tree Service/Removal
9. Roofing
10. Cottage Cleaning and Carpets
11. Bug Infestation
12. Gas Fireplace Inserts, Chimney Sweep and Chimney Pointing
13. Home Improvement Projects
14. Hauling
15. Disaster Recovery water and Mold
16. Driveways, Walks, Gravel and Blacktop
17. Foundations & Piers
18. Seawalls & Steps and Ladders to beach
19. Flooring
20. Security Watch, Locks and Alarms
21. Windows, Porch Swings, Winter Enclosures, Awnings & Party Tents
22. Masonry and Pointing
23. Firewood
24. Snow Plowing
25. Transportation to and from Airports and Medical Appointments

Important Contracting Pointers

- Always Get a Firm Estimate and Do Not Agree to Time and Materials Projects because it enables a contractor to drag a project out and you end up paying more. You pay for their mistakes and also pay for when they redo the work to fix their mistakes.
- Watch for a higher skilled workers' premium billing rate being charged for the whole crew (for example, a skilled carpentry rate vs a general laborer rate) for the entire day when premium skilled work was done only by one worker or only for part of the day.
- Anytime you change the work design or scope, or even ask for some small change, then expect the contractor to add significant cost. Many contractors will try to do these “**change orders**” on a time and material basis, but don't agree to that common contractor tactic. Get a firm estimate for any extra work or if the change is very small, then get a firm commitment that it will be done at no extra cost.
- At a minimum use a Short Form Project Agreement with project scope, firm cost estimates, committed time frame for completion, quality guarantees and remedies. For changes to your Project, use a written change order with a cost estimate or firm price.

See below for listing of contractors, contact information, and their type of work.

Electrical			
Electrical	Name	Phone/Web Address	Typical Services, and Comments
Tilburg Electric	Dan Tilburg	716-679-4900 or 716-680-3190 tilbergelectric@yahoo.com	Full service, small and larger electrical jobs. Dependable, practical and solves for problem fix.
