

Happy 2022 from the Women's Club. We are so pleased to announce that we will be able to resume our summer activities this year. Our children and grandchildren can once again gather inside the community center for arts and crafts, bingo and activities. We have a full calendar of events planned. There are Concerts in the Park, Ice Cream Socials and Bingo in the Gazebo Park. Our Craft and Bake Sale returns on July 30. We will welcome back the Castlemen Quartet in July as well. And in person Women's Club Expo and meetings are back on the calendar. We are looking forward to opportunities to gather and reconnect.

We have hired a great team of teen leaders for our Children's programs which will run on Monday through Thursday mornings from 10 to 11:30 for children ages 4 through 11. We also have evening activities for children, teens and families. We had a lot of feedback from people that loved having Halloween on a Saturday and inclusive of the entire Point so that tradition will continue this year on July 23.

Also we had an overwhelming positive response to the Fourth of July last year. People loved the opportunity to visit the entire Point. We will continue that this year while bringing back some of your favorite traditions including a bike parade around the Gazebo Park and a 50/50 drawing. We still want interested cottages to participate as you did last year whether it is beads and candy for children, ice cream sandwiches, donuts and coffee or pizza. We will have more details soon on what to expect but get your walking shoes, bikes and red, white and blue decorations ready. If your cottage would like to participate in some way please email Miranda Hill at hillsurfing6@gmail.com

New merchandise is being ordered and will be ready for the preview sale on May 29. The next sale will be after the 5k on July 3 and then the store will be opening weekly on Fridays starting July 8. We can't wait for you to check out the new gear, we think you will love it.

Thank you for your patience over the last two years. We are excited about getting together for a more "regular" summer this year. See you soon.
